LEVELING UP  
GREEN GROWTH IMPACTS

**Dong Hoon Shin, Specialist, Seoul Urban Solutions Agency**

Mr. Dong Hoon Shin is an urban specialist at the Seoul Urban Solutions Agency (SUSA), where he is primarily responsible for strategic partnership management, project origination, and project delivery in the field of sustainable urban development.

**Beckhee Cho, General Director, Korea Land & Housing Corporation (LH)**

Ms. Beckhee Cho is currently the General Director of Global Cooperation Center at LH. There, she is in charge of creating new cooperative partnerships with global partners and entities for bilateral or PPP projects as well as knowledge sharing for capacity building. Ms. Cho has over 30 years of work in various forms of international relations, primarily in government or public sector focusing on bilateral/multilateral issues and international development. Before joining LH, Ms. Cho headed the global operation of LX, Korea Land and Geospatial Informatix Corporation, developing ICT projects related to the modernization of land administration and management in countries around the world. Ms. Cho also was spokesperson of foreign media for one of the political parties in Korea, and worked in the National Assembly for well over a decade. Ms. Cho is multilingual, having resided in various regions of the world. She has a BA degree in Creative Writing from the University of Miami and an MPA from Harvard Kennedy School of Government.
